## SENIOR CLASS OFFICERS

Bob Hattenbach, Charles Adams, Richard Osborn, Wayne Sillanen, Pres., Alone Roberts, Ronald Kull.

We, the members of the Senior Class of Griffith High School express to our parents our deepest gratitude for all the sacrifices they have made in our behalf, in order that we were given an education to fit us for our life careers.

To the faculty and school officials, our sincere apologies for all the headaches and heartaches they may have suffered in the training and development of our youthful minds. We realize that it has been a tremendous—yea, an almost overwhelming task—but they have done a good job of it.

To next season's baseball, football and basketball teams we leave our unbounded enthusiasm and the privilege of beating, not only their rivals but our own glorious records of the past year, if that be possible.

To the juniors, we leave our positions to fill in running the student activities of G. H. S.

To the sophomores, we leave our incentive to work and better ourselves as future citizens of this wonderful land we live in.

To the freshmen, we leave our realization of the opportunities we have in this small, but mighty school and the hope that they will carry on the proud name of Griffith High School in the manner it so richly deserves.

To all the aforementioned and to everyone interested in the welfare of this dear old school, we leave a portion of our abundant stock of loyalty—loyalty to our school, our community, our state and our nation. And may this school ever continue to survive in spite of the calamity of our departure.

# CLASS PROPHECY 1949

by

Irma Smith and Doris Humerickhouse

*Our days of school are finally past,  
And we hold some memories fond;  
To think twelve years could move so fast  
As we look to the future beyond.*

*We put all seriousness aside  
As we gaze at the next few years  
And see the seniors of '49—  
And here's how they appear.*

Watt is the new county justice of peace;  
Two little cheerleaders have Carl and Theresa  
Lorraine has a gift shop and business is fine;  
Sherry and Johnny have a family of nine.  
Carolyn is playing in Carnegie Hall,  
And Sommers takes lessons on how to grow tall.  
Berry is coaching at old Notre Dame;  
Hollywood's offering Jackie both fortune and fame.  
A doctor is Braam, giving pills to the sick;  
Clemens invented a new smear-proof lipstick.  
Simons is the national checker champion.  
Roberts writes novels on romance and passion.  
Christensen has joined up with Harry James;  
Oldert's on Broadway with other big names.  
A celebrity is Ault touring all the night clubs;  
Heiss got a patent for longer bath tubs.  
Jim Brown is a sports writer with many a fan;  
Hartwig loves his job, he's a traveling salesman.  
June and Annie star in a soap box opera.  
And Smeltzer can croon just like Frankie Sinatra.  
Siltanen plays hockey with the Chicago Blackhawks.  
Williams, a politician, gives some long-winded talks.  
Benjamin's a wrestler and Iris a librarian;  
Vinnie is now a full fledged veterinarian.  
Humerickhouse is Disney's successor,  
And top notch mechanics are Weaver and Kesler  
Kolb is a banker with barrels of money;  
Walters still writes letters that start, "Hiya Honey."  
Domsic is Highland's leading mortician;  
Lois Lange has a very high social position.  
Both Smith and Homer have married, as planned;  
Delores Wilson is teaching and is much in demand.  
Donna is married and raising little Stassens;  
A teacher is Hutchins giving accordion lessons.  
Sexton's become the first female hermit,

And Ima gave Sue her very first permanent.  
 Adams and Ready are professors at Yale,  
 Huizeŋga's a gangster with the law on his tail.  
 O'Keefe models all of the mens latest fads,  
 While MacDonald is posing for hair-growing ads.  
 Baker is happily married to Moore;  
 Spilly finally proposed to his Eleanore.  
 Portlock's a florist and swimming in flowers;  
 Tokar's a bachelor and spends long weary hours  
 Merko rides horses on Wilkie's dude ranch;  
 Korzeniewski is the United State's delegate to France.  
 A plumber is Mold, and his helper is Kenny;  
 Galik's on the poor farm with nary a penny.  
 Wojtasek and Kuiper now run a day nursery.  
 Swingler and Osborn celebrated their eighth anniversary.  
 Thompson got shot and now plays on a harp;  
 Fortune and fame came to Gloria Sharp.  
 Lazar is a dentist and Collman his nurse.  
 While Hattenbach and Celmer are driving his hearse.  
 Carl and Leo sell cheap real estate;  
 Barth is still single; can't find the right mate.  
 Miss Wright has retired; Kelly's got her job;  
 We can't find Gehrke; she got lost in a fog.  
 Dress designers are Owens and Dixon;  
 A soda-jerk is Bennet, and sundacs he's fixin'.  
 Nurses fine are Vera and Anna Mae;  
 Puent's debut was held yesterday.  
 Delores Gatlin now owns twenty-three drive-ins;  
 Mandernack got married and has two sets of twins.  
 Augustine and Handy enjoy wedded bliss;  
 A racer is Stevenson; he takes many a risk.  
 Charles Atlas took Ullrich into partnership;  
 Van Hosen and Parsons are on their honeymoon trip.  
 Cook and Jacobus sing on WMAQ;  
 A lawyer is Lukacs, and his clients are few.  
 Shafer and Mattingly teach at Gregg Shorthand College,  
 While Matias is writing a volume on knowledge.  
 An insurance salesman is scheming Butch Miller.  
 And the Randhan cousins are dangerous killers  
 Harder writes books on the hardships of life;  
 Ralph Wilson divorced his twenty-third wife.

*Well, that is the end of our predictions this year,  
 And before we sign off, may we add,  
 Here's wishing the seniors of '40  
 The most prosperous life to be had.*

## THE WRECKERS

I watched them tearing a building down,  
A gang of men in a busy town,  
With a ho-heave-ho and a lusty yell,  
They swung a beam and the side wall fell.  
I asked the foreman, "Are these men skilled,  
"And the men you'd hire if you had to build?"  
He gave a laugh and said, "No, indeed! I can  
easily wreck in a day or two  
"What builders have taken a year to do.  
I thought to myself as I went my way,  
Which of these roles have I tried to play?  
Am I a builder who works with care,  
Measuring life by the rule and square?  
Am I shaping my deeds to a well-made plan,  
Patiently doing the best I can?  
Or am I a wrecker, who walks the town,  
Content with the labor of tearing down?
